

Village of Anmore

AN IMPORTANT NOTICE TO ALL RESIDENTS

WATERMAIN
MAINTENANCE/FLUSHING

The Village will be flushing watermains beginning the week of Monday, May 2nd to Friday, May 13th, 2011 inclusive. Flushing may cause pressure fluctuations and some discoloration and sediment in the water reaching your home. Both of these conditions should be of short duration. If your water appears discolored, run an **outside** water tap or inside bathtub until the water clears.

Please direct inquiries to the Village Hall at 604-469-9877.

Thank you.
